Outward Bound South Africa – Virtual Risk Assessment 2021

Dear Deon

Following the Virtual Risk Assessment that we undertook last year, I am writing to confirm that Outward Bound International continues to endorse the work of Outward Bound South Africa.

Subject to the normal caveats (as per the reverse of the existing Certificate of Endorsement) we are delighted to extend the duration of the Certificate of Endorsement through until 31st December 2023.

Outward Bound South Africa is not scheduled for an in-person review this year (2022) but we will be in touch to make the necessary arrangements for a Risk Management Review in 2023.

I hope that you continue to make progress following the Covid-pandemic and that 2022 is a more normal year.

Yours sincerely

Iain Peter
Executive Director
